

CHALLENGE BOX

CUP STACKING RACE

This activity is for Beavers but any section or leaders could take part too !

Beaver Cup Stacking Race

What you need:

- Plastic or Paper Cups (21 minimum per person)
- Craft Materials (optional)

How to do it:

This is a fast-paced challenge for all the family.

1. Each player needs 21 cups and must build a pyramid with 6 cups at the base, then 5 cups balancing on the top.
2. Then the next layer has four cups and repeat the process until one cup is at the top of the pyramid.
3. Once everyone has practiced, the race begins...
Can you be the fastest person to stack the cups into a pyramid?

Reflection:

How easy was it to stack the cups fast?
Why not decorate your cups or even write numbers on the bottoms and try to stack the cups in order 1-10.

Safety Notes:

All activities must be managed safely, and equipment used for the purpose intended.
