

# CRAFT BOX

## MAKE YOUR OWN SNOW

This activity is for Explorers but any section or leaders could take part too !

Explorer Make your own Snow

### What you need:

- 450g Cornflour
- 1 cup Hair Conditioner
- Large Bowl
- Wooden Spoon

### How to make it:

Fake snow is a great thing to “make it snow” for the festive season.

1. Mix the two ingredients together in a large mixing bowl until you have a snow-like material.
2. If it is too sticky – just add more cornflour.
3. If it is a little dry – add more hair conditioner.
4. You can make it into balls to build a snowman.

### Get more Crafty:

Why not make a winter scene using pinecones or any other materials you have to hand.

### Safety Notes:

All activities must be managed safely, and equipment used for the purpose intended.
